Well it was so much fun then, let's do it again! It's a great way to meet other members through sparkling conversation and drinks. You bring the cocktails, we'll supply the topics>

ONGOING ACTIVITIES

These activities are scheduled by their convenors on an ongoing basis and announced by email.

Happy New Year everyone!! Unfortunately, we are once again having our activities restricted by Covid 19 albeit with a new variant. But, we are still able to carry on with some virtual meetings. **Book clubs** hosted by Ruth Plant and Barb Rogers continue to meet, once again via Zoom.

Our **travel club** hosted by Shashi and Eswar Prasad meets on the first Tuesday of the month. Recent topics have been the Greek Islands and the island of Madeira, some beautiful, exciting places to go when it is safe again.

A new interest group, **Cryptocurrency**, headed by John Millar will be having its first meeting on Wednesday, January 12, and will be meeting via Zoom. This should be a very interesting and informative group given the number of types of currency available.

Cross country skiing has had a much slower start than last year, but Bruce Clarke's group had their first ski day at Scenic Caves on Friday January 6. Group sizes are limited, and Scenic Caves has specific protocols in place to protect participants. It is great to be able to be on the trails again, though.

Probus Ski Legends will be organizing events for members to enjoy at Blue Mountain as well as private clubs in the area.

Our **hikers**, led by Betty Farquharson and Mike Travers have been out on the trails...John Haig side trail in Pretty River Provincial Park, Nottawasaga Bluffs, and other popular trails.
